The Chart Book
A Do It Yourself Study Guide on Daniel and Revelation

Dear Friends:

I hope this little booklet proves to be helpful. I have diagramed the seventeen apocalyptic prophecies in Daniel and Revelation to demonstrate this rule: "Each apocalyptic prophecy has a beginning and an ending point in time and the events in each prophecy occur in the order given." I have not found one exception to this rule.

As you study through these charts with an open Bible, you should notice two phenomena. First, each prophecy contributes to a story that is much larger than itself. Second, all seventeen prophecies perfectly align with each other to produce a giant matrix of events from the past as well as the future. This timing matrix enables us to determine our chronological position within God's plan to save mankind.

You will notice that certain portions of Daniel and Revelation are not charted. This omission occurs because some passages in Daniel and Revelation contain commentary about events that were presented earlier or they are about to be presented. Revelation 17 is an example of this type of commentary. For purposes of comparison, I have also included three charts that show competing interpretations.

Of course, it's only a matter of time until all prophetic views are proven to be true or false. With this thought in mind, I hope you will examine the prophecies with eagerness because God has promised a great blessing to everyone who studies His Word.

Best wishes,
Larry Wilson

Prophecy #2  Dan 7:1-12
This prophecy flows in chronological order.
This prophecy flows in chronological order.

This is why the 69 weeks are divided as 7 weeks (a jubilee cycle of 49 years) and 62 weeks. Further, A.D. 30 affirms (a) the death of Christ, (b) the resurrection of all the dead, (c) the middle of the 70th week (A.D. 27 - A.D. 33). The date of Christ's death is important to the 570 years because it is the beginning of the 2,000 years. Nevertheless, Jesus died at Passover in A.D. 30. In everlasting righteousness (the kingdom of God), Israel tried. Nevertheless, Jesus died at Passover in A.D. 30.

NOTE: The 70 weeks were cut off of the 2,300 days. God gave another Israel 70 weeks of the 2,300 days to bring

The prophetic cycle of 7 years begins at the beginning of the 7th week in A.D. 457 B.C. This was the beginning of the 7th week, as we will see in Daniel 8:27. Consequently, the 7th week equals 49 years.

The jubilee cycle of 7 years begins at the beginning of the 7th week in A.D. 457 B.C. Therefore, the 7th week begins with a Saturday, while the 7th week is observed on a Sunday. This is how the prophecy flows in chronological order.

Prophecy #5  Dan 10:1-12:13
This prophecy flows in chronological order.

The first half of this prophecy predicted that during the 70 weeks, Israel would be caught between warring kings in the North and South. If Israel failed to meet the terms and conditions of the covenant, Israel would be destroyed by a king from the North. This was fulfilled in A.D. 70 when the Romans destroyed both the temple and the city of Jerusalem.

End Time Parallel: God’s people will be caught between the devil (the king of the North) and the king of the South (nonreligious people) who will oppose his determined effort to rule the world.

Jubilee Calendar: A Day Represents a Year
1994

Four Rules of Interpretation

Rule 1: Each apocalyptic prophecy has a beginning and ending point in time and the events must occur in the order they are given.

Rule 2: A fulfillment only occurs when all of the specifications of a prophecy are met. This includes the order within the prophecy.

Rule 3: Apocalyptic language can be literal, analogous or symbolic. To reach the intended meaning, one must consider: (a) context, (b) parallel language used elsewhere in the Bible, and (c) if symbolic, the element must be defined by a relevant text.

Rule 4: The presence or absence of the Jubilee Calendar determines how God measures time in apocalyptic prophecy.
